feel the difference!

Welcome and Congratulations!

You have just opened the door to what could be the most rewarding and exciting career choice of your life. The world we live in is changing rapidly and we are looking for people that want to make a difference.

We are currently looking for bright enthusiastic individuals with good communication skills to establish and run Wellness clubs all over the UK and Ireland.

Ideally you will have a caring sympathetic personality and be motivated to help your clients achieve their goals. We will be happy to train you on all aspects of your new business but if you already have a background or interest in the Wellness sector that will be an added bonus.

Why is the Wellness sector a great career choice?

The Wellness Industry is one of the fastest growing sectors in the world and has barely began.

The growth of the fast food industry and reliance on poorly prepared meals has led to ill health reaching epidemic proportions.

More and more people are looking to the Wellness sector to help solve society's health crisis.

In this document you will get an opportunity to learn how you can work with one of the largest Nutrition companies in the world to improve the health of your community.

Many economists predict the Wellness Sector to emerge as a major force as people fight to stay healthy in a World where people have less and less time to care for themselves.

Everyone remembers the people that make a contribution to their lives. Imagine if you could find a career that offers you the financial security and personal freedom you need that is built on guiding people towards optimum health?

You can and that career is right here!

We now live in a world where job security is a thing of the past. All too often and through no fault of their own people become insecure, or even redundant, because of technology and the changes in the global market.

Why We Need Your Help

Sadly despite the best intentions of many individuals and government bodies our nation remains in a dangerous spiral to ill health.

Facts and Figures for the UK

- Obesity has trebled in 20 years
- Obesity doubles your risk of premature death
- Obesity costs the NHS £1/2 Billion per-year

So are you ready to make a difference?

Everyone needs a coach. Whatever your career or background we all perform better when we have a coach supporting and guiding us to better performance.

How serious are you about making a change? All over the world in every walk of life the coaching culture is becoming more and more established.

Our aim is to help you be at the forefront of this rising demand for guidance and support, becoming a valuable member of your community.

"I hated commuting back and forth to work every day and started to look at my options.

One day my friend told me to go to the National training day and I have never looked back since. I now look after a fantastic group of clients in my home town and we are all dedicated to helping each other get in the best shape of our lives!"

Establishing Wellness Clubs.

With your commitment we will help you make your Wellness Clubs the focus point for anyone in your community wishing to lose weight boost energy or just improve their general well being.

There are now tens of thousands of clubs in over 60 countries world wide that serve and guide people on a daily basis.

You can arrange the time and location of your club to suit your personal diary. We will teach you how to create a social atmosphere where people are informed on how to improve their health and then rewarded for their success.

Unlike some weight loss clubs, that can become a weigh and go culture, we encourage all our members to contribute and share their insights with each other.

Making new friends and helping everyone achieve their goals gives you a sense of achievement. Developing a friendly social atmosphere leads to members returning each week with new friends. Before long you will find the members learn as much from each other as you.

The club is also an excellent opportunity for members to sample new recipes and Herbalifes wide range of skincare products.

As members listen to each others testimonials they naturally ask if they can try the products.

Your new life as a Wellness Coach

The Wellness industry will continue to grow all around you, that fact you can count on.

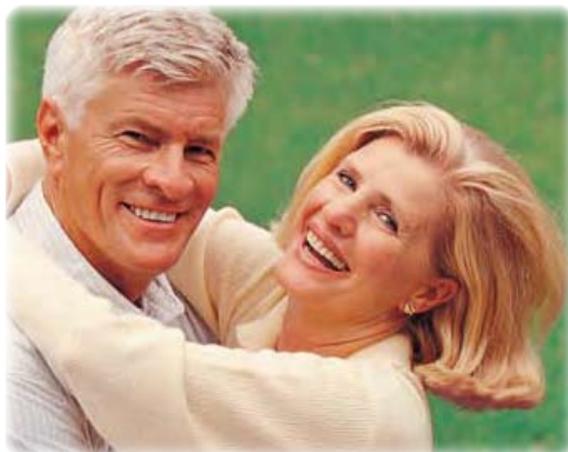

Look at this quote.

World renowned economist, professor 'Paul Zane Pilzer'

'The Wellness Industry which 15 years ago barely existed is on track to become a Trillion Dollar Industry in just 5 years from now!'

That means you will be joining a career that offers tremendous security and huge growth potential

If you want a career that offers you

Excellent Rewards

excellent rewards and a daily sense of satisfaction then this may well be for you.

You will need a bubbly personality and a commitment to helping people develop a healthier lifestyle.

Even though running or participating in a club culture is a very successful method of developing your business you can also develop your business one on one with a totally flexible approach to your life and calendar.

There are literally hundreds of methods you can employ to build a vibrant business without any of the conventional headaches of staff overheads and premises!

We will provide you with everything you need to get started.

If you have a willingness to work and a desire for a better quality of life there is no reason why you should not be quite excited already.

"I was so fed up with the daily commute, but could never see a way out I now love my new found freedom and look forward with genuine excitement for the years ahead.

I had no freedom of time and had become a slave to my desk. I could never find the time to enjoy exercise but I now find I am motivated to stay in good health just because I am a coach"

How much Income can you expect to make?

The answer to that question really depends on you?

Each new distributor determines their own level of need and subsequent commitment.

We have distributors from every single walk of life making anything from just a few hundred extra pounds per month all the way up to many thousands and a total career replacement.

Educate your members about products that can boost their results

Many clients or club members will already be spending at least £3 per day on what can often be unhealthy breakfast, lunch, and snack options. That can quickly add up to £100 per month.

As you read on you will learn, Herbalife produce superb meal replacement shakes, healthy snack items, and a market leading range of energy boosting beverages.

When members see the results achieved by others many of them decide to redirect their £100 into trying a healthy alternative that can often save them money.

If you have 25 customers spending £100 per month each that gives you a turn over of £2500 per month. You will be able to purchase these products at up to a 50% discount from Herbalife giving you a potential income of £1250 per month!

Naturally some customers spend more and some spend less that's just a personal choice. Its also important to recognize you can have as many or as few customers as you choose.
